

# Digital Forensics for Investigators Conference

Kansas City, Missouri Police Academy

October 23, 2015

## WHY ATTEND?

The Heart of America Regional Computer Forensics Laboratory (HARCFL); the High Technology Crime Investigation Association (HTCIA)-Heartland Chapter; and the United States Secret Service (USSS)-Electronic Crimes Task Force have joined together to provide valuable law enforcement training regarding current trends and case studies from an ever-increasing digital world.

Please join us on **October 23, 2015** for our second Digital Forensics for Investigators Conference. Learn from and share insights with colleagues and experts on the most pressing issues associated with digital forensics and cyber investigations.

*This year's agenda includes—*

*A keynote speaker discussing the use of digital forensics in the Boston Marathon bombing investigation.*

*Presentations on cell phone pinpointing, computer intrusion investigations, and recovering CCTV data from digital video recorders.*

## QUESTIONS?

Email the HARCFL at [HARCFLTRAINING@RCFL.GOV](mailto:HARCFLTRAINING@RCFL.GOV) or contact the laboratory at (816) 584-4300.

## WHEN:

Friday, October 23, 2015
